At Tarascon, Arignon, Valence, Lyons, Moulins and Dijon the inhabitants, who crowded the railroad stations, made the railers tremble with enthusiastic shouts of "Vive Kruger!" and "Vive la France!" The demonstration was all the more significant because it shows that the fervid exclamations at Marseilles were not mere spontaneous outbursts of enthusiasm upon the part of the warm-hearted and excitable populace of a sunny climate, but sentiments shared with even greater intensity by the usually less demonstrative and colder-blooded inhabitants of the northern provinces.

## A NEW ARMY BILL.

House Committee on Military Affairs Meets Tuesday to Consider the Measure.

### IT MAY BE PASSED WITHOUT DELAY.

The President Will Communicate to Congress Very Fully His Recommendations About the Soldiers.

The Administration Wants Authority to Raise a Regular Army Subordinate to the Present System of the Country.

Washington, Nov. 24.—Chairman Hull, of the house committee on military affairs, Friday called a meeting of the committee for next Tuesday. He hopes that a quorum will be present and that the committee can go to work immediately on the outlines of a new army bill.

"It will be in the direction of economy to pass the army bill without delay," said Mr. Hull Friday. "The army bill of the Philippines will have to be brought home in the summer—that is, those of the men who do not care to reenlist. The transports will go out for them should depart laden with the troops who are to replace them, else the ships will make one voyage empty."

Mr. Hull was in conference Friday with the president and with officials of the war department upon the character of legislation desired by the administration for next Tuesday.

He will communicate to congress very fully his recommendations about the army, and he did not assume to speak for the president's mind in advance.

He thought, however, the administration would not be content with any makeshift legislation, no proposition to continue the present law for two years more. His impression was that the president wanted authority to raise the regular army sufficient for the needs of the country, 100,000 men if necessary, the number to be reduced when there was no longer need for them.

The General Provisions of the Bill Have Been Agreed Upon by the Sub-committee.

The members of the committee said Friday that although there was some discussion concerning reductions on beer and also on cigars, cigarettes and tobacco, they did not seem to have any inclination to reduce the present tax on these articles as long as there remained stamp taxes, which, he said, were obnoxious to every one using them.

**Early Presentation of the Measure.**  
Although it is generally understood that there is a very complete understanding among the members of the committee as to what changes will be made, it is understood that no concluding agreement has been reached and that any part of the agreement can be taken up and changed if found desirable. Mrs. Sells knew of the arrangements for a new actress to be made in Chicago. On direct examination Lizzie said Mrs. Sells had been in Chicago, and had registered at the Leland hotel there on route to Zanesville, Wis., to visit an uncle.

Lizzie said she had a room to herself and did not see Sells until after they entered the hotel office until she met him in the parlor the next morning.

# The Saving of Money

by the use of Royal Baking Powder is considerable. Royal is economical, because it possesses more leavening power and goes further.

Royal saves also because it always makes fine, light, sweet food; never wastes good flour; butter and eggs.

More important still is the saving in health. Royal Baking Powder adds anti-dyspeptic qualities to the food.

**There is no baking powder so economical in practical use, no matter how little others may cost, as the Royal**

Imitation baking powders almost invariably contain alum. Alum makes the food unwholesome.
